Enabling Education Empowering Futures

RISE 360 Engineering Scholarship Program 2025

Satvik Karma Foundation is committed to create opportunities for deserving students with good academic track record and support to pursue their aspirations.

About the Scholarship

The scholarship is designed to provide holistic support to students who have secured admission in recognized and reputed engineering institutions. Apart from financial support we provide personalized mentoring, internship and career placement assistance.

The scholarship is awarded on a merit-cum-needs basis. Our holistic selection process fairly balances academic merit, income level, and special personal circumstances.

Who can Apply

- Students enrolled in any 4-year undergraduate engineering program at a recognized and reputable institution
- Family income up to ₹6,00,000 per annum
- Students from disadvantaged backgrounds- such as first-generation college-goers, Persons with Disability, single-parent households, or orphans- are especially encouraged to apply

Scholarship Benefits

- 4-year scholarship duration, renewal each year based on academic performance and involvement in mentoring program.
- Up to ₹50,000 annually per student towards academic fees.

Required Documents

- Admission letter or proof of enrollment
- JEE/CUET scorecard
- Valid income certificate
- Supporting document(s) for special circumstances.
