NOTICE

Orientation Session on Multidisciplinary Minor (MDM) Courses for Second Year UG Students – A.Y. 2026–27

Day and Date: Thursday, 3rd December 2026

Venue: Main Auditorium, COEP Technological University

All Second Year Undergraduate (UG) students are hereby informed that an orientation session on **Multidisciplinary Minor (MDM) Courses offered during A.Y. 2026–27** will be conducted by the respective Heads of Departments/Faculty Coordinators, as per the schedule given below.

The Multidisciplinary Minor (MDM) programme is an important academic initiative that enables students to acquire knowledge and competencies beyond their core engineering discipline. It provides an opportunity to explore multidisciplinary areas, broaden academic perspectives, develop complementary skills and prepare for emerging professional opportunities. Such multidisciplinary learning fosters innovation, adaptability, critical thinking and the ability to address complex real-world challenges.

Students are encouraged to attend the session, understand the scope and objectives of the various MDM courses, and make informed choices based on their interests, aptitude and future academic and career aspirations.
